WHAT IS BEONEDGE?

BeOnEdge Wealth Management

BeOnEdge is a research-driven wealth management firm focused on helping investors grow their capital through disciplined investing and strategic asset allocation.

We allocate client capital across:

- Equity Markets
- Commodities
- Fixed Income Instruments

Our objective is to generate sustainable long-term returns by combining:

Deep fundamental research

Risk-managed portfolio construction

Strategic asset allocation

We aim to help investors grow their hard-earned money beyond traditional investment options such as bank deposits and passive index returns, while maintaining a disciplined approach to risk.

Our Aim & Investment Philosophy

At BeOnEdge, our philosophy is built on two core principles.

1. Consistent Wealth Creation

Our long-term goal is to deliver returns that outperform benchmark indices and traditional savings instruments through disciplined investing.

Expected long-term target range:

12-15% CAGR over market cycles

This is achieved through:

- ✓ Strategic asset allocation
- ✓ Fundamental research
- ✓ Risk management
- ✓ Market cycle awareness

2. Capital Protection First

Preserving client capital during adverse market conditions is equally important as generating returns.

Our investment strategy focuses on:

- Managing downside risk
- Reducing volatility during market stress
- Protecting capital during extreme market conditions
- Disciplined portfolio diversification across asset classes
- Strict downside risk controls with predefined stop-loss levels

Services We Provide

BeOnEdge offers multiple investment options depending on investor requirements.

01

Systematic Investment Plan (SIP)

A disciplined investment approach where investors contribute a fixed amount periodically.

02

One-Time Investment

For investors who want to deploy capital at once and stay invested for the long term.

03

Portfolio Management Service (PMS)

Customized portfolio management for larger investors with performance-linked profit sharing.

Modes of Investment

1. SIP

(Systematic Investment Plan)

Minimum: Rs.500/month | Duration: 12 months

Investors choose a fixed amount invested automatically every month on a set date.

Example: 4th of every month. Promotes discipline and long-term wealth creation.

2. One-Time Investment

Minimum: Rs.10,000 | Holding Period: 12 months

Suitable for investors who wish to deploy capital in a lump sum and participate in long-term market growth.

3. PMS

(Portfolio Management Service)

Minimum Capital: Rs.5,00,000 - Our PMS model is performance based.

Profit sharing applies only after outperforming benchmark returns.

If benchmark returns are not beaten -> no commission. Complete alignment of investor & manager.

Why Choose BeOnEdge?

Experienced Market Participation

Our team has actively participated in financial markets for over 5 years, navigating multiple market cycles including:

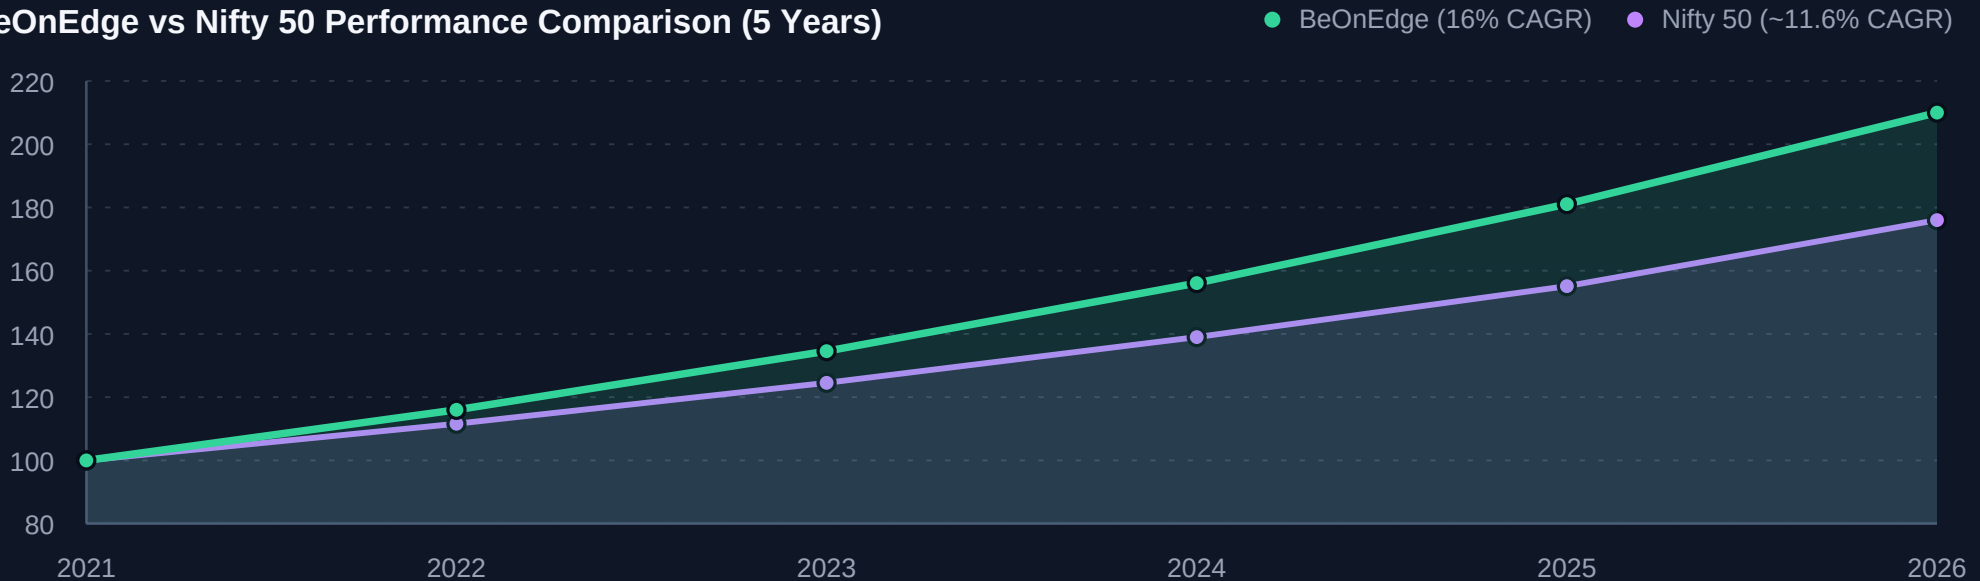

- COVID-19 market crash
- Russia-Ukraine geopolitical volatility
- Bull market phases of 2023-2024
- Current evolving market conditions

Strong Performance Track Record

We have maintained an average CAGR of approximately 16% over the last 5 years through disciplined investing.

A Rs.100 investment growing at 16% CAGR reaches approximately Rs.210 in 5 years, compared to around Rs.176 at 12% CAGR benchmark growth.

What We Do NOT Do

At BeOnEdge, transparency and integrity are core values. We do not:

x Promise unrealistic or guaranteed returns

x Offer trading tips or speculative recommendations

x Claim to double or triple money

x Run Telegram or signal groups

x Encourage short-term speculation

x Engage in high-frequency speculation or pump-and-dump strategies

Our focus remains strictly on long-term disciplined wealth creation.

TRANSPARENCY IN ACTION

Client Investment Tracking

We believe investors should have complete transparency regarding their investments.

BeOnEdge has developed a dedicated client portal where investors can:

Track their investments

Monitor portfolio performance

View transaction history

Stay updated on portfolio allocation

This platform is currently available for clients and will soon be expanded with a full public website and landing page.

Our Customer Journey
